Vasileios NIKOLOPOULOS

Lead Developer | Certified Scrum Maser | PhD Candidate
Helmond, Netherlands

Hi, my name is Vasileios Nikolopoulos. I'm a Software engineer, with Java expertise, while also being a Professional Scrum Master, and leading a small group of people as CEO of Jar (jar.gr)

Additionally I am a PhD candidate at Harokopio University of Athens, on Context-Aware IoT and autonomous Fog/Edge nodes. Keen on researching new technologies and innovating

💼 Experience

Software Engineer
Forescout Technologies Inc.
July 2018 - Present
Backend development using a Java and pSql stack. Heavy emphasis on RESTful communications. Technically led three products (Risk Framework, ECC, IT/OT integration) which launched successfully and ended up as the selling points for large deals. Scrum Master for a senior team. Direct discussions with stakeholders for negotiation of development effort and updates on project status. Direct discussions with customers for troubleshooting.

Founder | CEO | Project Manager
Jar
July 2018 - Present
Outsourcing of development effort by outsourcing Scrum ready teams.

Research Associate/Software Engineer
Harokopio University of Athens
February 2015 - Present
Participating in European Research Projects (i.e. Artemis EMC2) as a Software Engineer and Researcher. Proof of Concepts for our research was implemented in Java.

Software Engineer L2
Openbet
November 2016 - September 2017
Software engineer using Java and TCL for backend development of client ordered changes on betting software.

CMS/Android Programmer
Express Publishing
September 2013 - February 2015
Part of the Multimedia team, working on creating a custom builder to transform information from a data entry department to interactive Mobile Applications. Also developed custom tools for the business in Java.

Software Engineer
Freelancer
June 2012 - July 2018
Implementing customer ordered projects, using primarily Java and JS solutions, but also Android Stack, Unity Game engine, and Embedded Systems (Arduino/Raspberry Pis).

📦 Education

Doctor of Philosophy (PhD) (Candidate)
April 2015 - Present | Harokopio University of Athens
Context-aware IoT, An Autonomic Approach targeting Multi-critical Applications
